Funding Building Costs and School/College Infrastructure

Families will appreciate that there is a substantial cost to the Diocese in maintaining and developing the existing school buildings. It is necessary to raise capital income to service related debt or to otherwise support capital works. A differential approach is in place to account for capital income as shown below.

Diocesan Primary Schools –Building Levy

Each family will be charged a building levy (Primary) of \$98.50 per term (\$394 per year) per family with normal school fee billings.

As this amount forms a collectable part of school fees no tax deduction is possible.
 If families have children at primary and secondary schools the levy is paid at the primary level.

Fee/Levy Concessions

If you experience difficulty in meeting your fee responsibilities then you will need to make an appointment to explain the circumstances to the Principal. Any concessions granted apply only until the end of the current school year. Each year a new appointment must be made at the commencement of first term. The Catholic Education—Diocese of Rockhampton policy states: “No students should be excluded from a Catholic school because of the inability of their parents to pay the prescribed fee—in whole or in part.”

Fee/Levy Concerns

At any time if you any questions about your account, please contact the Finance Secretary in the first instance.
